

**Monday, April 7**

- Community Health Summit - 8:00am

**Saturday, April 19**

- 2025 SiSu Shuffle - 9:00am

**Community Health Summit**

**Time:** 8:00am

At UP Health System – Marquette (UPHS – Marquette), we are dedicated to making communities healthier. To guide our efforts, we recently conducted a Community Health Needs Assessment (CHNA) survey.

The CHNA process, conducted over the past two months, analyzed public health and demographic data. It also included a community survey to gain a better understanding of the healthcare needs in our community. The results of this extensive research will be placed in a final report, which is scheduled to be released in May.

To ensure the results of the survey are used to improve our community’s health, we are hosting a Community Health Summit. During this half-day consensus-building session, we will share the results of the survey and work with you and other residents of Marquette County to prioritize significant health needs and create a plan for improving the health of the community.

**The Community Health Summit will be held Monday, April 7, from 8 am to noon at UPHS – Marquette.** It will be led by Strata, our research partner, in conducting the CHNA. In attendance at the summit will be fellow citizens, members of our local health department, community leaders, medical and staff members of UPHS – Marquette. Please consider joining us for this important event. Your input is vital as we work to achieve better health for our community. Those interested in attending are encouraged to register at the link below.

As always, we want to thank you for your continued support of UPHS – Marquette. It is our privilege to serve your healthcare needs, and we look forward to working with you on this important community project.

**2025 SiSu Shuffle**

**Time:** 9:00am

Join us for a free 5K community race open to all ages and skill levels. Bring your family and enjoy a fun-filled event for everyone.
